## Moonbeams Is Now Making Progress

IN THE VALLEY OF THE MOON

Well. . . Well. . . Well. . . According to the rumors flying around the valley, it looks as if everybody wants to get into the act. . .

During the past week we learned that the new "Daily Review" had lost many subscribers and was folding and would soon be a weekly. . .

We also heard that the "Daily Review" was doing ok, but felt that the valley needed another weekly, which they will print. . .

Then we learned that the founder of the "Valley of the Moon Review", which is now the "Daily Review" and also founder of "Moonbeams", is coming out of retirement and starting another newspaper in the valley. . .

Then we learned that We had sold "Moonbeams" and the new owner was contracting for advertising. . . This is not True. . .

Rumors, Rumors, and more Rumors. . . But we do know one thing for sure "Moonbeams" has not changed hands and stands ready for any competition, as competition makes business. . .

Another thing we are sure of . . . "Moonbeams" will soon be in its new home at 18303 Highway 12, Boyes Hot Springs. . . And with our nine different presses we will be able to take care of most any job printing that you will need at a price that can't be beat!!!

So beware of solicitors seeking advertising for "Moonbeams", as we have never asked for a single ad. . . People who want results consult "Moonbeams". . .
